STATEMENT FOR PETITION FOR REVIVAL OF AN APPLICATION FOR PATENT
ABANDONED UNINTENTIONALLY UNDER 37 CFR 1.137 (b)

Dear Sir:

The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137 (b) was unintentional. While a notice to file corrected application papers, dated September 4, 2001, was received by my office, a timely reply was not filed due to the inadvertent misplacement of the September 4, 2001 notice.

At a later point in time, toward the end of the year 2002, while filing certain documents, the aforementioned notice was discovered. By the time such discovery was made, the time to have filed timely formal drawings had lapsed. Thus, a timely response was not submitted. Accordingly, the attached formal drawings were recently prepared and a request is being made to have this Petition to Revive granted so that the notice to file corrected application papers response may be entered and considered and further prosecution and allowance of the case may proceed.

We respectfully request that the Petition for Revival for this application be granted.
